

# AUTISM AND PLAY

EMMA MOAT, Play Therapist and Counsellor

DAVID MOAT, Clinical Psychotherapist

Cambridge Play Therapy, East Cambs Therapy Centre

**Saturday 12th and Sunday 13th October  
2019**

**10:00 - 16:30**

**Abington Barn, Great Abington, CB21 6AS**

**It is widely accepted that social development is strongly influenced through play. As children move through the various stages of play, they are acquiring a vast range of skills for effective interaction and connection. It is this "connection" that can prove so difficult for children with autism to achieve.**

**This course aims to equip delegates with ideas for using play activities for children with autism, with a view to enabling effective social development.**

**£150 (£110 if booked before  
31st July)**

(includes delicious home-made lunch )
